

Now you're home.

New canopy for the back building entrance

Dear Valued Residents,

Please be advised that CLV Group has received the scheduled dates for the new canopy for the back building entrance.

The work has been scheduled between Sep 13th, 2022, and Oct 31st, 2022.

Monday - Friday, 8:30 AM - 5 PM & Saturday, 9:00 AM - 3:30 PM.

Mobilization will commence on September 13th , 2022.

During this time, the back entrance will be accessible but with restrictions as the job is right beside this entrance.

There would be times when the door needs to be closed for short periods of time.

The work is weather dependent. Dependent on the progress of the project, the dates may change. This work will create noise, construction debris, vibration, and dust.

Please keep unit windows closed during this time. Note that that area may be inaccessible for short periods of time. Please watch for construction vehicles, overhead work, and further notices. Please use caution while onsite during the duration of this project.

We look forward to making improvements to our community.
