

June 10<sup>th</sup>, 2022

**ATTN: 165 Ontario - All Residents**  
**RE: Elevator Modernization Notification**

Dear Resident(s),

Following up on our last communication regarding Elevator Modernization, we would like to update our residents with our contractor's new start date. There have been some delays due to shortages in the supply chain, and we aim to speed up this project as much as possible.

The modernization of the elevators has been scheduled for June 20<sup>th</sup>, and we will continue to keep everyone updated on the exact commencing date if there are any unforeseen delays.

This work will take approximately **14-16 weeks to complete**. Please note that this work will require one of the elevators to be completely out of use for modernization to take place. We will work closely with our contractors to ensure that this project is a manageable inconvenience to our residents.

We would like to give our assurance that we will try our best to prepare for the unforeseen along the way. We have a professional team, and we are confident that this project will progress smoothly. If you have a unique situation that should be brought to our attention, don't hesitate to contact the Administration Office at 905-646-0861 or email us at stcatharines-admin@rentclv.com.

Sincerely,  
CLV Group Management
